CLASS OF JUNE, 1936
BARRINGER HIGH SCHOOL

Over the Highroad

*Over the highroad we've made our way;
All are radiant with success;
Through heat of day, we struggled on,
Our hearts so full of eagerness.*

*Undaunted we marched with steady tread,
Tho the road was rough, the journey long;
For as our guide we followed Faith,
While on our lips was a cheerful song.*

*And so our road drew near the end,
Where whispered low a cooling breeze;
The journey done, we waited calm
And tasted then of restful ease.*

*But now to the road again we go,
And tho the goal is not in sight,
Proudly we march with brighter hopes,
Onward, on to the distant light!*

—CHARLES S. TAYLOR

Alma Mater

Over many a city old,
Famed in song and story,
Temple grey and castle hold
Catch the sunset glory.
So our Alma Mater proud
Looks o'er vale and meadow,
High between the sailing cloud
And its drifting shadow.

For her colors first the blue
Of the April valley;
Then December's wintry hue
When the storm winds rally.
Newark High, thy fame we raise;
Many voices blending;
Through the years we pledge thee praise,
Loyal to life's ending.

MR. RAYMOND B. GURLEY

*whose wisdom as principal has helped to mould our four years into
very constructive ones.*

MISS ELSA DISBROW

*whose ever-ready cooperative and cheerful spirit has been a
guiding light.*

Editorials

All good things must sooner or later come to an end. Thus we find ourselves at the end of four years with a number of wonderful experiences behind us. Many of us will go on, and though we look forward to new experiences, our gratitude will still be fresh, even when this paper has become yellow with age, for these, our happy, youthful days.

For four years we have enjoyed the companionship and friendship of our classmates. From boys and girls we have grown to young men and women. Our thoughts, once childish, now have a semblance of maturity. We have seen the world in chaos, lived through it. It has taught us to take notice of the events that fall about us. What has been the value in these experiences will be known to the world and to us after many years have passed, when we no longer shall function as a group. Then in the annals of Barringer we shall be just another class recorded in its proper order.

Though this may be our last concerted work, some of us will go on to find new friends, new labors and new interests. Though in twenty years or so our numbers may be thinned, we still shall have the lasting memory of those who were our friends in these four years. These four years shall always be ours; they are now a part of our lives.

G. E. M.

Five centuries ago, Coster of Holland and Gutenberg of Germany invented the first movable types. A little later Caxton set up the first printing press in England. Few of us today pause to realize the value of these benefactions to the human race. How indebted we are and how grateful we should be! As the result of the work of these men, books became accessible to greater numbers, people could acquaint themselves with the learning of the past and education generally became more widespread.

Today the newspaper, which has been described as "the eyes, the ears, the mouthpiece of the world", is an important medium in conveying facts and in moulding the opinions of countless readers in all ranks of society. How fitting then that our class of June '36 should select the newspaper as the theme of the Year Book—to portray our four memorable years at Barringer in this form. What an excellent means of emblazoning our good news!

Through our four happy, constructive years, we as a class, have been carefully and conscientiously guided by our teachers, our principal, and our class advisors. *The Final Edition* symbolizes the completion of a period; nevertheless it does not symbolize the end of endeavor.

As we begin our new undertakings, carrying with us the gifts which have been bestowed by our beloved Alma Mater, let us not forget that the spirit of service calls upon us to do our part in making this world a better place to live in. May "Truth, Honor and Light" lead us to success!

Reviewing the Years

Four Years Ago—

—That famous class of June '36 crossed the threshold of Barringer High School for the first time. Blissfully unaware of the impediments they were to encounter, such as text books, homework, corridor skirmishes, lunchroom hamburgers, seniors and office benches, they scampered about, hither and thither, regarding naught. —However, as the June deadline approached, a thunderbolt struck and these "petits enfants" realized that life is not entirely a picnic. A certain home room, still unconvinced, attempted to disprove the foregoing fact, and held a supper picnic. This was not altogether without educational results, for one valuable bit of knowledge was obtained: to wit, Miss Peck can swing a mean "bat"!—

Three Years Ago—

—The class of '36 returned stuffed (like olives) with sophistry and worldliness. Several incidents proved, however, that you can't fool all of the faculty even sometimes. Undaunted, the aforesaid home room sponsored another picnic, which was compensation enough for any year's work.—

* * *

Two Years Ago—

—Gleams of wisdom were perceptible in their eyes! Mr. Sanders promised to guide these

sages. His first desire was to become acquainted with each member of the class through miniature photographs. The Camera Club accommodated and presented him with the portraits. Whether Mr. Sanders recognized any of them is still questionable. —The first elections resulted as follows: President, Roger Calsibet; Vice President, Chris Kelly; Secretary, Norma Gialanella; Treasurer, Robert Dutton. The class was attacked by a literary urge at the outset. It took the form of a bi-monthly news magazine, the "Rambler".

Miss Hartman were well rewarded, as far as super-success was concerned, for the "Trysting Place" was received with much enthusiasm and all approved its merit. —The 4B elections brought only two changes in the roster of officers. Dot O'Malley became Secretary and Louis Fiorini, Treasurer. —The class did not neglect its social program, regardless of its many business ventures. The Autumn Dance furnished an occasion for much congeniality and downright fun. The 4B-4A reception was an evening of like sociality.

The Present Day—

—No alteration of officers was made. —The class enthusiastically and industriously launched its plans for the Year Book. Rooms 25 and 63 were the scenes of many stupendous suggestions, which, if they survived the heated arguments pro and con, developed into projects of real worth. —The exuberant spirit of the class could not be confined to this alone. EMINENT PROFESSOR SEES CLASS OF JUNE '36 IN FUTURE

HORSEFLESH, KY.—Nick Ferrara, ace jockey for Hayloft Stables, is suing the Stopclock Racing Association. It seems that while riding in the Handle Bar Handicap, his mount began to slow down. Nick jumped out of the saddle and finished on foot. Since he came in first, he believes that he should have been entitled to wear the floral horse shoe which is always given the winner.

BOARD, ME.—Mr. Harold Mancusi-Ungaro has started a new publication. He calls it *Ferous Oxide*, and prints only rusty humor. "It's practically a reproduction of the *Acropolis*," he states.

NEWARK, N. J.—John Graf, the famous authority on cooking, will give a lecture here this week on *The Cruelty of Beating Eggs and Whipping Cream*.

N. Y. C.—Gilbert Mott's play, *Stale Apples*, opened on Broadway last night. David Rodger played the part of the *Voice From the Rear*.

AFRICA.—The explorer, Bernard Lieber, was lost in the jungles here several months while searching for the fourth dimension.

PIKE'S PEAK, COL.—Mr. Charles Doyle, noted authority on Adolf Hitler, has received many inquiries about the dictator. His latest bit of news is that it took twenty years to grow that toothbrush on His Excellency's upper lip.

FOREST HILLS, L. I.—Ruth Soden the young American tennis player, has just returned from England, where she won the Wimbledon matches. Miss Soden was also presented at Court.

CHICAGO, ILL.—The world's champion ping-pong player, Jack Littell, stated today that he owes his success to the fact that, as a boy, he was the best fly swatter in his neighborhood. He also said that smoking Camules did not affect his nerves, injure his wind, upset his inferiority complex, or give him athlete's foot.

Prof. Charles Taylor, P.Q.D., has been receiving numerous letters from unhappy wives. He wishes it to be clearly understood that his regular program on WBHS at 4:45 P. M., entitled *Care of Household Pets*, positively does not pertain to husbands.

BERLIN.—Dorothy O'Malley, danseuse, is touring the European continent with the Russian Ballet. Next Spring we may have the opportunity of seeing Mlle. O'Malley in New York.

N. Y. C.—Jean DuPont, woman's hair stylist, believes that the toupee is coming to be the most popular article of headwear among the feminine sex. "With us girls," she said, "the toupee is on top!"

LORNA DOONE ADVISES

Dear Lorna Doone:

I am so unhappy; the one I love has gone and left me, saying he would never return. Could it be perhaps that I love sweets too much? Only the other night he as much as called me a pig when I had had only four strawberry sodas, two fudge sundaes, five club sandwiches and one pound of imported French chocolates. Sweets are my life and so is my sweet. What shall I do?

PLUMP ONE

* * *

Dear Plump One:

If you wish your beloved to return you must forego all sweets and watch your diet. I am sure he will be glad to return to you.

LORNA DOONE

* * *

Dear Lorna Doone:

I took your advice and like a martyr I denied myself for three long months all I had been accustomed to eat. When my beloved saw me again he called me a beanpole — and *did* go away forever.

EX-PLUMP ONE

Dear Lorna Doone:

I am one half of a once happily married couple. Lately my wife has taken to hammering nails into the wall with my best paint brush; and she won't listen to reason!

Knowing that you are the only one that has any influence over her I am begging that you admonish her to desist from such practice. Don't fail me! You're my last hope!

I am yours,

S. Q. SWASHBUCKLE

* * *

Mrs. S. Q. S.

I am very glad to do as your husband requests. You should know, Mrs. S. Q. S., that it is very unlady-like to hammer nails into the wall with your husband's paint brush, especially when he needs that paint brush to make your bread and butter. Besides, you should realize that a paint brush is not the right instrument with which to hammer nails into the wall. Use your head!

LORNA DOONE

Girls' Athletics

This term for the first time in our four years at Barringer a girls' basketball squad has been organized under the able coaching of Mrs. Pattyson. Because of the great number of girls wanting to play and the limited time, the privilege has been given to those girls who have already received their "B's".

The girls' tennis tournament will start this year again in May, with a large number participating. It is rumored that Ruth Soden will be the winner. Ruth won the tournament in her sophomore year and probably would have won last year if school had not closed before the tournament was finished.

During the fall months a great many of the girls went out for hockey in the park. Those who were successful in making the All Star Team were Phyllis Crane, Virginia Smith, Shirley Griffin, Jean Boyd, Genevieve Meade and Leonora Hermann, the latter being captain of the class team.

Though fencing for girls was discontinued in our senior year, several of our members acquitted themselves very creditably in this sport in their sophomore and junior years. They were Jean Finger, Jeanne Robbins and Marion Burke.

HANDWRITING POR- TRAYS YOUR CHARACTER

*Write to MADAME SNOOPALOTSKI
and have yours analyzed.*

Today's Readings

Mr. Craig Leedom's handwriting shows that he is a clear and logical thinker, always on the go, but somewhat skeptical. Also he has good reasoning powers and great adaptability for work requiring precision and exactness. He would make a good mechanical engineer.

* * *

Miss Margaret Sutherland's handwriting shows her to be a sympathetic, friendly, reticent, intuitive young girl. These traits point to nursing as a profession.

* * *

Miss Marion Burke must be a very pleasing person with such excellent qualities portrayed. She is dependable, individual, refined and conscientious. Work in the secretarial field I am sure, would be successful.

* * *

One sees in the handwriting of Mr. Harold Mancusi-Ungaro eccentric yet sincere traits. He is one whose mind is analytically and scientifically inclined. He is a logical and quick thinker. In business he should go far, because he not only has technical ability, but the necessary social qualities. He is agreeable and kind.

Miss Grace Beemer has an honest, straightforward and generous hand. She is a girl of great energy. She has an artistic ability, yet is practical. Designing of some sort is the line she should follow, possibly commercial advertising.

* * *

Miss Dorothy Buchman is a very generous, truthful girl. The way she crosses her t's shows that she is conscientious and very sincere. She is cut out for social work.

MME. SNOOPALOTSKI

Dear Editor:

Tho I like your paper very much, the other day, some of my friends remarked that it was no good. But I stoutly disagreed. I said your paper was the best one ever put out in the United States. I told them that I thought your articles and news items were of the highest type. I said that your staff was very entertaining and that you were the most intelligent editor who ever pushed a pencil.

I think you will appreciate this praise coming from such a distinguished personage as I, for sir, I am president of that famous organization, The Liars Club of America.

I. FIBB

Dear Editor:

I am bewildered and all befuddled. What shall I do? What, oh what, shall I do? The absentee list comes out at 9:33 and then my troubles begin. Honor Society meeting the seventh period; (Mr. Ammarell said no one must be absent.) Science Club meeting the seventh period; (My, I'd like to go to that.) Special meeting History Honor Group, seventh period; (Mr. Landolphi insists on 100 per cent attendance.) Spanish Honor Society meeting in 64, the seventh period without fail. (Oh, Mr. Zweibel!) Despite these few meetings I'd like to attend, there is also my seventh period Biology lab., which I "cut" yesterday.

What shall I do? Yesterday I solved the problem by going home and "cutting" six meetings. The reprimands I received from the teachers were very cutting. What shall I do?

A BEWILDERED 4-A

Street Scene

With *Ethan Frome* it was a case of *Boy Meets Girl*, so they walked on and met *Victoria Regina* who introduced them to *Three Wise Fools* without *Pride and Prejudice*. They finally came to a street marked *Dead End* where, on the *Night of January 16* *Three Men on a Horse* committed a *Murder in The Old Red Barn* near *Tobacco Road*. Here the *First Lady* became bored with *One Good Year* of sleuthing and said, "*Let's Call It A Day.*" By this time the *May Wine* had gone to their heads. They all returned to *Fresh Fields* and noticed the *Moon Over Mulberry Street*. It was at this moment that they decided that *Love On The Dole* was the best policy to practise *At Home Abroad*. *Saint Joan* shouted "*Libel!*" This caused a great commotion. By the *End of Summer*, *Lady Precious Stream* called *Jumbo* to the rescue. As *The Children's Hour* approached, *Dear Old Darling* suggested they say *Sweet Aloes* and move to *The Fields Beyond*.

"BORED OF EDUCATION"

POEMS BY CHARLES TAYLOR

Pinwheels

Blow, little boy.
 Make your pinwheel spin and whirl,
 Make the pretty colors twirl—
 Keep on playing with your toy.
 Blow, little boy.

Blow, little boy.
 Blow, because you are a lad,
 A youth whose heart is light and glad
 With all these fancies to enjoy.
 Blow, little boy.

Blow, little boy.
 Years will come and you will find
 That you have grown and left behind
 Such fun and play as this wee toy,
 Blow, little boy.

Blow, little boy.
 Make your pinwheel spin and turn,
 Oh, my lad, how soon you'll learn
 That all of life is not just joy.
 Blow, blow, little boy.

Triolet

Love came to me
 Like the lark in the morning.
 I did not flee.
 Love came to me
 As a sweet melody,
 Singing its warning.
 Love came to me
 Like the lark in the morning.

A Murderer Looks
at a Ruby

One second:—
 Red
 One minute:—
 Blood
 One hour:—
 Fire
 One day:—
 Suicide

We Humans

You are strange, my friend;
 Today you frowned
 At my words.
 Did you not
 Only yesterday
 Laugh with joy
 To hear me speak?
 Perhaps it is I
 Who puzzles you
 Perhaps—perhaps—
 You are strange, my friend.

Annabelle

Whistles shriek
 Wheels rumble
 Coaches squeak
 Porters grumble—
 A patted cheek
 A hurried kiss
 People speak
 A crying miss—
 And so farewell.

POEMS BY SHIRLEY HARRIS

Frost

Crisp, morning frost—
Pinch my face!
Whip my cheeks with your bitter lash,
'Till they flush crimson,
 and my eyes sting with burning tears.
Chafe my lips—
Stab me with your icy weapons!

Ho, Frost!
You can not hurt me—
No one can hurt me.
I have a shield—
My heart is as cold and hard as yours.

Delusion

Cloud of dazzling white—
 Spotless, pure, frothy foam—
But when I reach to grasp your
 loveliness,
 My hand is always empty.

Autumn Leaf

I hold this brown leaf in my hand,
 A leaf once green and ripe.
It has no message now—
I crumble it.
 It seems much like
 The crisp parchment of your letters.

Acquaintance

Below, the sea; above, the sky—
You came, and you passed by—
 So did I.

Vamp

Those deep, gaudy, guilty red
 nails upon her fingers
 are stains of BLOOD—
Symbols of a conqueror.

Apology

I took it
 because I was frivolous,
 and wanted some toy
 to play with.
Here, take back your heart—
I'm sorry
 I broke it.

POEMS BY GRACE BEEMER

March Thirtieth

Gentle winds were blowing;
All was peaceful and calm.
The sun smiled happily,—
It was Spring!
Slowly, deliberately,
The men dug the deep graves.
Of what were they thinking?
Of the beautiful day?
Of the happy birds in flight?
Or—of the cold, lifeless bodies
to be laid in the dark ground?

High School

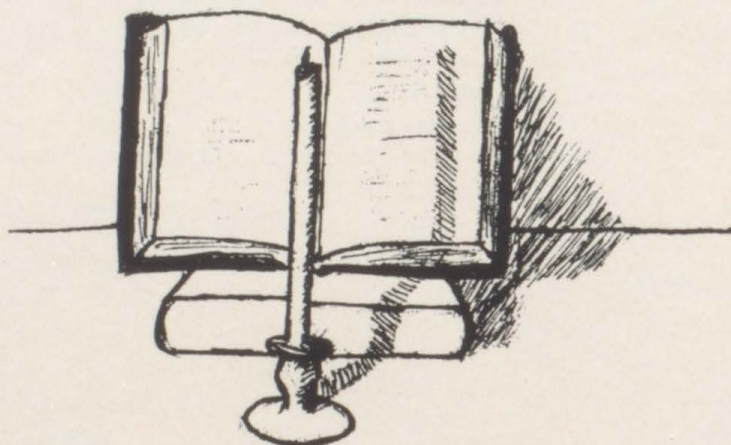

The Freshman
I love this place
Life is adventurous.
The Sophomore
I'm growing tired
Life is wearying.
The Junior
I'm distinctly bored
Life is dull.
The Senior
I hate to leave
Life is cruel.

Flirtation

The fire leaped and danced
And flirted with the cat,
And the friendly old armchair
Chaperoned;
The books discreetly turned
Their backs on the scene
And the candles gently lowered
Their eyes.

"Mine Own"

His hair stands on end,
His mouth is too big,
His nose turns up,
His hands are large and clumsy
But he's mine—and I love him.

WITH APOLOGY TO PEGASUS

The Seniors

There are many things that seniors do
 So I will try to list a few:
 Roger Calsibet works well indeed,
 That's why we chose him to lead.
 Chris Kelly, vice president of the bunch,
 Loves to squeeze fruit for making punch.
 Fiorini with painless dentistry
 Extracts the dues from you and me.
 And Dot O'Malley is never done
 With doing work and having fun.
 John Riddell told us with poise
 He spends his time "just making noise".
 And Ruthie Seelig, the girl with vim,
 Spends her time "just helping him".
 Shirl Harris, Dot Dimm and Jeanne Robbins, of course,
 Combine to make a tapping horse.
 Olive Redpath enjoys a lot
 Arguing with Gilbert Mott.
 Raymond Cronshey, our clown and friend,
 Can talk and talk without an end.
 We asked Jack Hagenbuch his specialty;
 He blushed and said, "I fence, you see".
 Our dancing lady, Dot Roy, you know
 Can show us how new dances go.
 This should give you a glimpse of what
 You'll do perhaps when in their spot.

—Margaret Small

Leaders Club Theme Song

People shoving left and right,
 When they're gone, are we a sight!
 You'd think that we'd been in a fight—
 But we're only LEADERS.

Our shoes are stepped on; so are we;
 Our hair is mussed, as you can see.
 You wonder just who we could be.
 We are the LEADERS!

We don't receive a speck of pay;
 We get here early every day;
 Well—*almost* early, anyway.
 We are the LEADERS!

—Ray Cronshey

First clean the pans you forgot to wash last time.

Wash and stone two cupfuls of fresh, luscious cherries. Better taste to see that they are just right. Sweeten and taste. Sample generously.

Add a cupful of cherry juice. Sample the mixture again to avoid mistakes.

If necessary, add more sugar, tasting frequently.

Never mind making the pie crust. You won't need any.

FENCING

Under the expert supervision of Coach Dr. Gerald Cetrulo, Barringer has produced one of the strongest fencing teams in the country. The Barringer Fencing Team is the only high school squad to receive instruction in all three weapons: foil, sabre and epee. In three weapon matches, they have easily defeated many College Freshman and Junior Varsity teams. Our skillful swordsmen gained their seventh consecutive State Championship and also one leg of the National Team Championship Trophy.

GIRLS' LEADERS CLUB

GIRLS' BASKETBALL TEAM

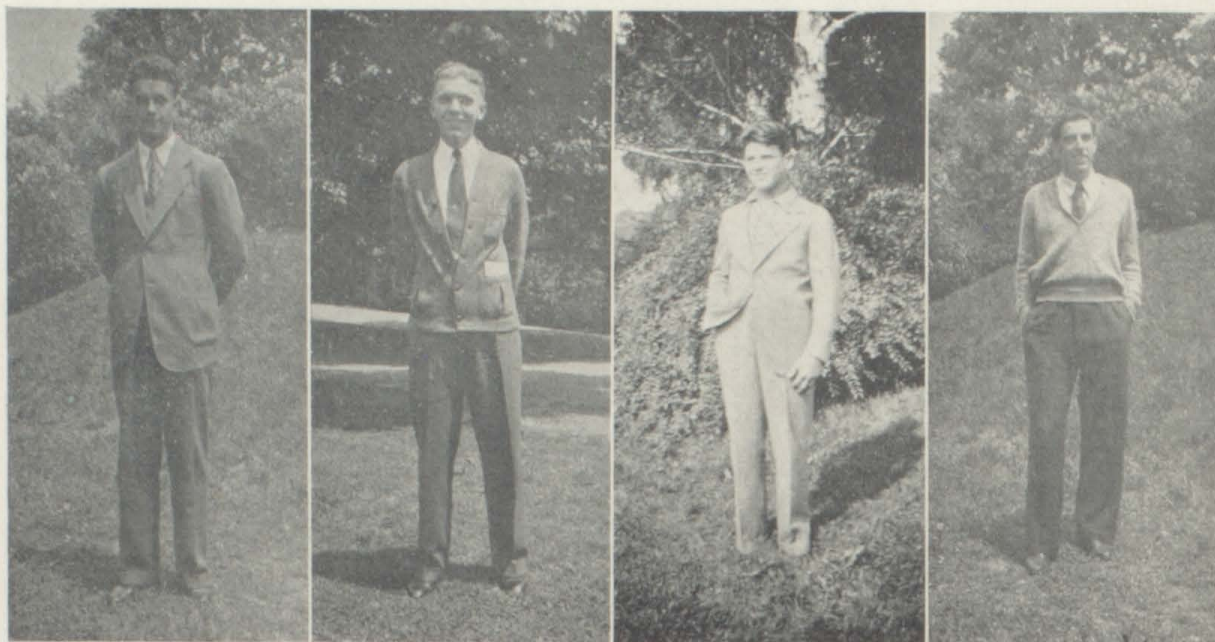

BASEBALL

In 1933, because of the revived interest baseball was again taken up in Barringer. With green material, Coach Allen developed a wonder team that finished second in the Greater Newark Tournament. This year, although a difficult schedule has been planned, the reliable veterans and enthusiastic rookies comprising the team make the prospects appear very bright for Barringer.

SCIENCE CLUB

The Science Club is our largest organization and membership is open to all the pupils at school. The club brings interesting and well known speakers to us and is responsible for many worthwhile programs. The officers are: President, John Riddell; Vice President, Florence Hodes; Secretary, Alma Nillson; Treasurer, Joe Pascall; Advisor, Miss Alice Schneider.

"B" MEN

Al Yard

During his stay at Barringer, Al "Dingle" Yard has been a great asset to the track and cross country teams. In 1933 he made the varsity squads of both sports. He won a second place in the city half-mile run. In all, "Dingle's" outstanding performances have earned him seven major "B's" and a large "collection" of medals.

Roger Calsibet

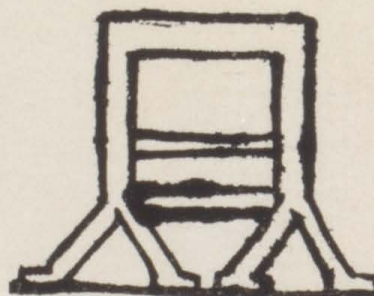

A class president, first became connected with athletics in '35 when he became assistant manager of the football team. The following spring he went out for track and showed unusual hurdling ability. He proved this by winning the city championship for the junior low hurdles.

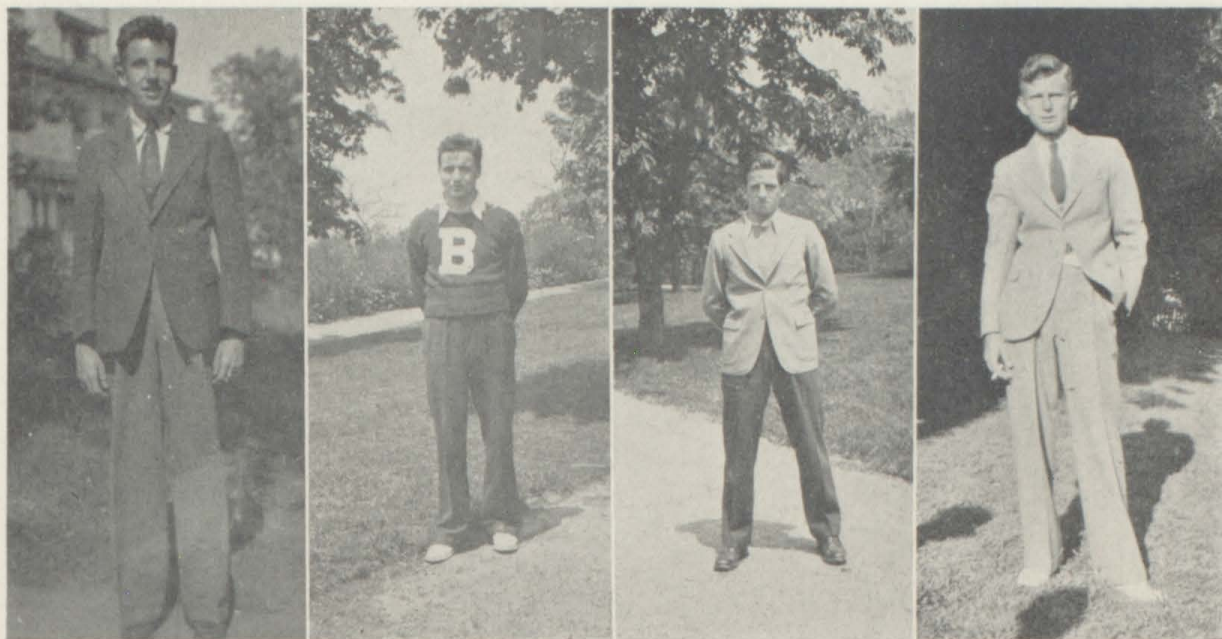

Nick Ferrara

It is very unfortunate that Nick Ferrara didn't go out for cross country earlier than he did. As it is, he earned his major "B" in his first and only year out for the sport in 1935, running consistently among the leaders.

Robert Stafford

Bob was a member of our championship swimming team for two years. In his first season in '34 he gained a place on the varsity because of his excellent work. Bob's specialty is sprinting in the 50 yard and 100 yard events, and in these he was a consistent scorer. For his efforts he has been awarded a major "B".

Edwin Salmon

"Eddie" began his athletic career in 1934 when he made the varsity swimming team as back stroker. His work that season netted him a major letter. The following year he won his coveted wreath "B", for he was a member of the City Championship Medley Relay Swimming Team. In the city meet that year "Eddie" also won second place in the hundred-yard back stroke. In addition, he was manager of the cross country team in '33 and '34, during which time he won both a major and minor "B".

Vinnie Di Giovanni

started his athletic career in '32 when he made his numerals for freshman football. In track, the main event for him came in 1934, when he won the city championship for the junior half-mile.

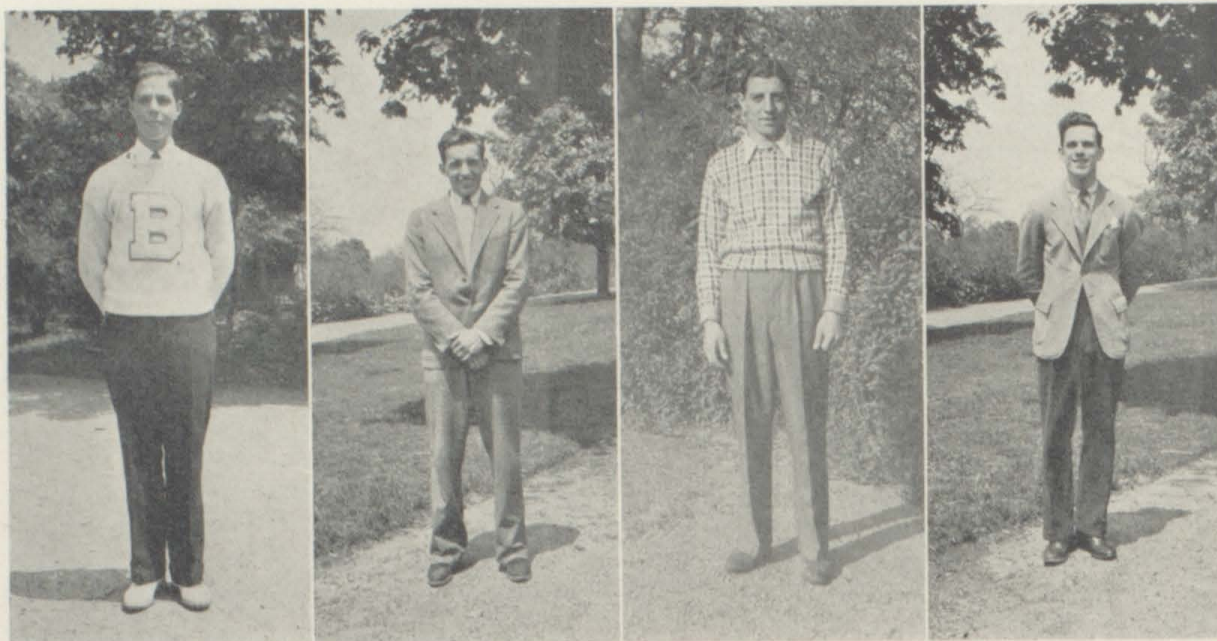

Carmine Gialnella

In his freshman year Carmine participated in football and in track. In freshman track in the 100 yard dash Carmine was the best in the city. In 1933 he played halfback on the varsity football team. Unluckily for him and the team Carmine, because of injuries, played very little in '34. Carmine was active also on our varsity baseball team in '33. For his athletic achievements he has received two major and two minor letters.

Theodore Burns

known to most of us as "Paddy", started his cheer-leading career in '33. He achieved the position of co-captain in '34. His big year came in '35 when, by a large majority, he was elected captain of the cheer leaders.

**Sam Bishop**

"Bish" was an assistant manager of the football team in '34, and in '35 was chosen manager. For his services he was awarded a major "B". "Bish" is also quite a tennis player and hopes to make the varsity this year.

Frank Jose

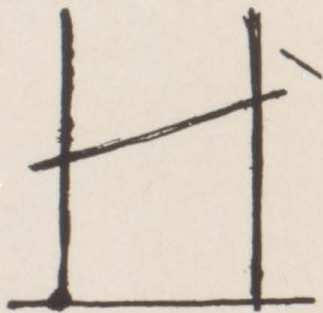

Frank started his athletic career in 1933 when he went out for football. In 1935, after he had earned two minor letters for football, he changed his sport to baseball. He was more successful in this event and by the season of 1936, he had earned his major B, consistently batting and fielding along with the best players of the team.

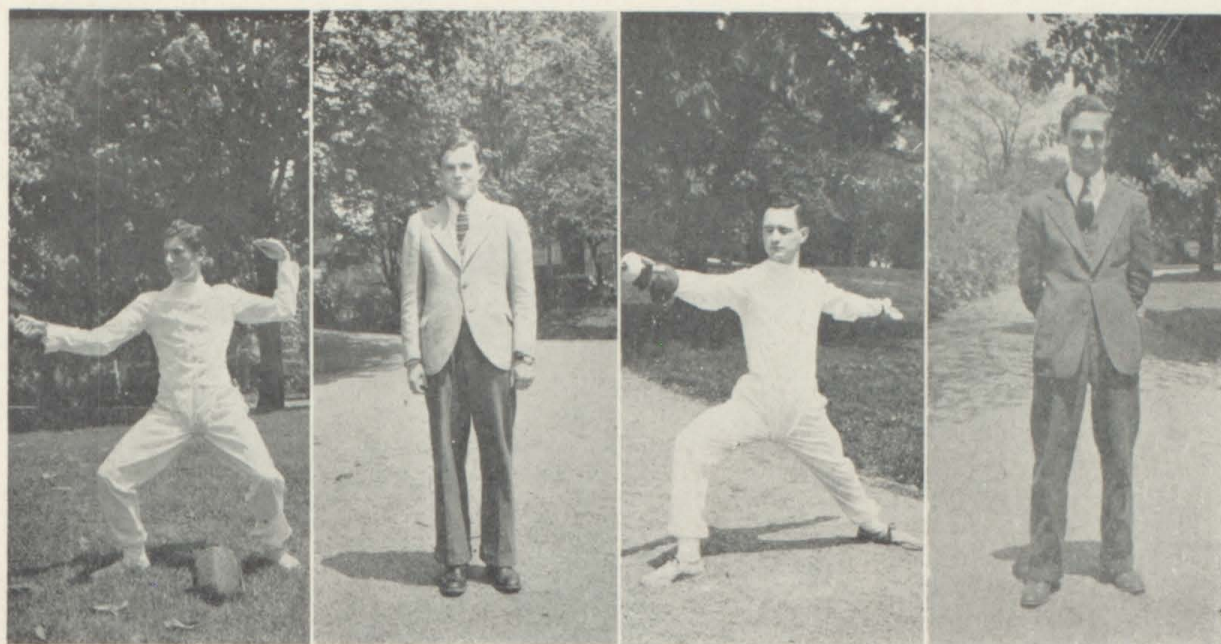

Robert Dutton

In 1932, Bob was manager of the freshman football team. For his excellent work in the position, Bob received his numerals. As manager of the successful baseball team of 1933, Bob was awarded his major "B".

Anthony Callie

"Cal" began his athletic career back in his sophomore year, and in his first season out he gained a place on the varsity track team, running in the 220 yard low hurdle event. Last year in the City Meet he chased a competitor to a new record, also breaking the existing record himself. In addition, Callie earned a major "B" in football because of his fine playing at end last season, and was also chosen for several all-city teams.

Carmine De Palma

Carmine's perseverance has carried him far in fencing. Because of this he was able to aid Barringer in winning the State Championship. For his ability and attendance he has been awarded a major "B", and he certainly deserves it. He leaves behind him in Barringer many friends to whom he has taught the fundamentals of fencing.

William Nugent

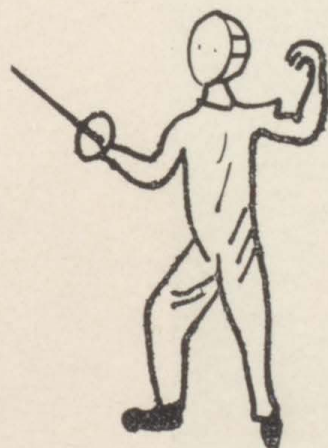

Bill went out for fencing in 1933 and 1934 and this netted him two minor letters. During the 1934 and 1935 football seasons he was a member of the Cheer Leaders' Group. In 1935, Bill worked hard as manager of the baseball second team, and for this he was awarded the position of manager of the Varsity Team for the 1936 season.

Louis Fiorini

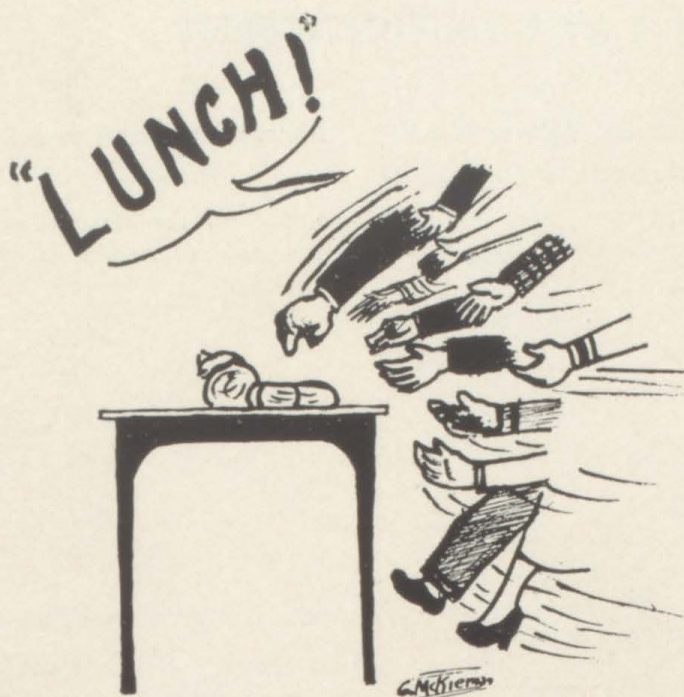

"Lou" was one of Barringer's better fencers. In his first year he earned his minor "B", and in his second season a major "B". He took a prominent part in many of Barringer's victories, but was unable, because of other activities, to continue on the fencing team, and Barringer missed a fine varsity man as a result. If circumstances allow it, "Lou" intends to continue his fencing in college. We wish him the greatest success.

John Hagenbuch

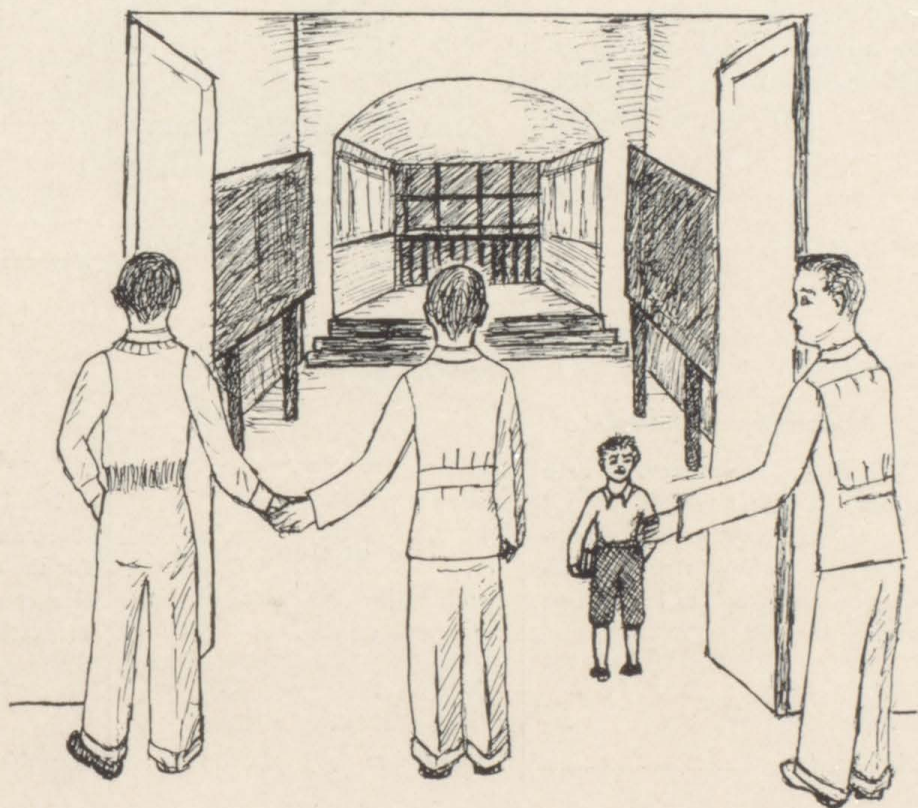

"Hagie" has done much to uphold Barringer's fencing record. Devoting all his time in athletics to fencing, he was recognized in his first year as a fine prospect for future teams. In his second season he became varsity man, and in his third season was elected co-captain of the team. In this position he assisted in winning the state championship for Barringer's seventh consecutive year. "Hagie" has earned a minor "B", a major "B", a wreath "B", and a gold medal for emerging undefeated to receive first place in Class B in the State Individual Fencing Championships.

Look about you

While the high school student may not be concerned immediately with the need for life insurance protection, he is not entirely free of obligation in this regard.

Since the earning period of life is fast approaching when he must consider this necessity, he should try to acquaint himself with its purposes.

The Prudential man is always available to those in search of such enlightenment.
